In claim 13, line 3, "two" has been deleted.

The following is an examiner's statement of reasons for allowance: the closest prior art of record, namely Morrow et al., Palestro et al., and Bigelow, fail to teach or suggest a separate envelope or cartridge containing a UV source and having an air inlet and outlet therein with an air-transmitting, UV-stopping device in at least one of the air inlet or outlet, which envelope or cartridge is removably positioned within a housing having an air inlet and outlet and fan means, as required by independent claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
